Fun Club

Greetings to our Lake Bonnet Village residents as we begin the 2020-21 season! Many winter residents have arrived through October, with more planning to arrive through the early part of the winter season. We will miss our friends and neighbors that will not be returning this year.

We have had our usual storms and rain this summer, but thankfully no hurricane (knock on wood, the hurricane season lasts through November!) It has been a wonderful, extremely quiet, summer with some incredible sunsets. Lots of wildlife was also observed in the park.

Most of you know via Facebook, that all clubhouse and hall activities have been cancelled for November and December, and decisions about later months will be made by the BOD in December. Pastor Kitchen will continue to provide church services streaming via our Facebook page during this time. Our park has fared well throughout the pandemic so far, but we cannot let our guard down! We need to protect each other by actively practicing safe distancing and masking and by supporting our BOD decisions and direction.

We are still planning our annual golf cart parade, with home and boat decorating contest. So, start planning your decorations! We can enjoy the lights and cheer through the holiday season. We can all spend time outdoors enjoying our wonderful Florida weather, and enjoy each other's company while keeping each other safe.

Welcome back and have a safe wonderful season!

Maggie Griesemer

Fun Club President

Board of Directors

The BOD has made decisions that are for the good of our community due to COVID 19. These rules will be revisited before January 1, 2021. The rules cover indoor areas, this includes both clubhouses, the billiards room, office, and laundry/bath houses.

1. NO ORGANIZED ACTIVITIES WILL BE HELD IN THE CLUBHOUSES.
2. Any individual entering a building MUST always wear a mask and diligently practice a social distance of at least 6 feet. Please disinfect your hands upon entering and disinfect all surfaces you touched before leaving. (Surfaces such as table tops, backs of chairs, doorknobs/panels, switches, etc.)
3. Overnight guests as well as daily visitors CANNOT USE ANY INDOOR OR OUTDOOR FACILITIES.
4. No groups of more than 10 people ANYWHERE in the park and they MUST wear masks and practice social distancing.
5. Pool usage is 6 feet apart, and 50% capacity, this is reflected by chair placement. Masks may be removed while swimming.
6. Signage will be posted at all buildings and areas such as shuffleboard, horseshoes, pool, etc.
7. Office rules are posted on the outside of the building. The door is locked at all times, knock, please, for entry, limit of 2 persons at one time. Masks are required for entry. Packages will be left in the lobby by the mailperson, and the office does NOT have quarters.

The following are examples of things you CAN DO:

1. Anything NOT covered under CDC, BOD restrictions, and LBV Rules and Regulations.
2. Some examples would be individuals or groups of up to 10 people may use outside common grounds, such as the horseshoe area, shuffleboard area, riding within the park in your golf cart, fishing, using the fire ring, walking.
3. You MUST always have a mask available in case you encounter people as you move around the park.

These rules are to make every resident, guest, and visitor as safe as possible from catching and spreading the deadly Covid-19 virus. If this virus enters our park and spreads unchecked the results would be devastating to our people and our park. It is the responsibility of each and everyone of us to take this very seriously to keep yourself safe, and to protect each and every person from harm.

Finally, we can find many ways to enjoy ourselves here, and to remember how fortunate we are to be in Florida, and to be with friends and neighbors in our friendly and beautiful park.

Byron Townsend,

President, Lake Bonnet Village Co-Op, Inc
